Miss Melera has been absorbing the essence behind traditional genres such as deep, tech house and progressive techno and twisting them into a melodic confection that is both fresh, timeless and completely her own.

The success of her Colourizon radio broadcast turned into a successful touring career, with invites to perform in venues like Warung ^{Brazil} - Katerblau ^{Berlin} - The Bow ^{Buenos Aires} - Rainbow Serpent Festival ^{Australia} - Coda ^{Toronto} and of course her Dutch hometown Amsterdam where she is hosting a colourizon residency at De Marktkantine . With highlighted releases on Parquet Recordings, Einmusika Recordings, WEITER, Warung Recordings and her upcoming tour schedule, Miss Melera will give global audience a chance to discover her vision of electronic music.
